Dear Honorable Senator Barrasso, Congresswoman Cheney, and Senator-Elect Lummis:

Greetings from the Wyoming Republican Party. We trust that your Christmas celebration was enjoyable and that the New Year will be equally as good.

The purpose of this letter is to report to you what is unprecedented in terms of Republicans in Wyoming reaching out to members of the state party leadership. At no time in the recent past has there been this level of communications directed toward the party on any issue. The issue Wyoming people are calling, writing, texting and stating extreme concern over is the federal election. Extensive evidence has surfaced that has led Wyoming Republicans to doubt the integrity of our presidential election in numerous states. In fact, many Wyomingites are downright outraged. These people are not the people we frequently hear from, but represent every walk of life and all sides of the political spectrum. In fact, we have talked to Democrats who are embarrassed by the extreme socialist agenda the Democrat Party now seeks to advance and are gravely concerned for the future of our State and nation. The Wyoming GOP is being asked TO DO something about this. They are not looking for talk – they are demanding action. We trust

you have been hearing many of the same questions and comments. Again, the number of anxious folks demanding action has reached a level not observed previously in my tenure. Those comments include:

1. The Wyoming federal delegation MUST object to ALL state's Electoral College votes in those States where irregularities and fraud have been documented, including Georgia, Pennsylvania, Nevada, Arizona, Wisconsin and Michigan.
2. There must be a Congressional plan in place to protect the vote before our next election cycle even begins.

The Wyoming Republican Party, consistent with the overwhelming majority of concerns expressed by Wyoming voters, asks you each to object to the certification of the Electoral College votes on January 6th for Georgia, Pennsylvania, Nevada, Arizona, Wisconsin and Michigan. We further ask that you state publicly your opposition to the certification of these ill-gotten votes and join in Rep. Mo Brooks' efforts.

This is not about winning and losing. This is about being on the right side of history. This is about assuring the 70% of Wyoming voters who voted for President Trump see that you are in their corner. This is about taking the action the majority of our Wyoming Republican constituents have demanded. If the efforts are unsuccessful, Joe Biden will have to enter the White House with a well-earned stain of illegitimacy, which will hamper his efforts to advance the Democrat's socialist agenda.

Further, we are also respectfully asking each of you to provide us with the following information:

1. What do we tell the people of Wyoming?
2. Is there a plan of action on or before the electoral votes are counted on January 6th?
3. Is there a plan to secure the integrity of future elections?

It is clear the level of public interest in these matters has become a high priority for Wyoming voters and we ask your assistance in taking decisive action on January 6th as well as getting answers back to those Wyoming Republicans watching.

Keep America and Wyoming Great.

Respectfully Submitted,

W. Frank Eathorne
Chairman, Wyoming Republican Party
